**BARTLETT JOINS  
TESTING ENGINEERS & CONSULTANTS, INC.**

**Troy, Michigan** – Bruce Bartlett, RRC, RRO, an accredited roof consulting professional with 30 years experience has joined TEC's staff as Senior Roof Consultant. His experience in managing major roofing projects for national clients will compliment TEC's strategic plan for growth.

Mr. Bartlett's technical expertise encompasses all aspects of roof consulting including roof survey, design, and installation monitoring for client's such as Ford Motor Company, General Motors Corporation, Michigan State University, and Detroit Edison, to name a few. His responsibilities include project management, staff supervision, report development, senior technical review, and client consultation and retention. He has a Bachelor of Science degree from Wayne State University in Business, is a Registered Roof Consultant and Registered Roof Observer in Michigan, and is a member of the Roof Consultant Institute (RCI).

TEC, a woman-owned firm, provides client support from property acquisition through construction, renovation and restoration. Expertise includes environmental and geotechnical engineering and consulting as well as facilities engineering, construction materials testing, indoor air quality and asbestos, lead and mold management services. Founded in 1966, TEC has offices in Troy, Ann Arbor and Detroit.
