HARLOW JOINS TESTING ENGINEERS & CONSULTANTS, INC.

Troy, Michigan – Carl Harlow, PE recently joined Testing Engineers & Consultants Inc., as senior project manager. Carl has over thirty-six years of experience developing quantitative solutions to a broad range of engineering, site location and building problems.

His expertise includes environmental and geotechnical engineering as well as the development of geographic information systems and energy conservation. Harlow has a Bachelor of Science and a Master of Science degree in Civil Engineering from Wayne State University where he continued as a university fellow in postgraduate chemical engineering. Harlow has been a Registered Professional Engineer in Michigan since 1973.

TEC provides client support from property acquisition through construction, renovation and restoration. Specialties include environmental and geotechnical engineering and consulting as well as facilities engineering, construction materials testing, indoor air quality and asbestos, lead and mold management services. Founded in 1966, TEC has offices in Troy, Ann Arbor and Detroit.
